

About Illumination

Illumination is the quarterly magazine produced by the faculty of the Ablaze University to address popular topics in the world today from a Biblical worldview. The chosen name, *Illumination*, captures the purpose of this publication: to shine a spotlight on various topics, guided by the true Light of the world, pointing to the Light of the world, and making light of some things. Each publication will integrate the Word of God, articles, research, and humor to help illumine the application of God's truth in our life today. If you're looking for either a dry, controversy-free publication that doesn't address relevant issues or a shallow, fluffy read that doesn't challenge you to learn, this one might not be for you. However, if you love life, learning, laughter and our Lord, you won't want to miss reading *Illumination*.
